Abstract: The Department of Education (ED) collects Annual Performance Reports (APRs) from Educational Opportunity Centers (EOC) grantees under the authority of Title IV, Part A, Subpart 2, Division 1, Sections 402A and 402B of the Higher Education Act of 1965, as amended, the program regulations in 34 CFR 644, and the Education Department General Administrative Regulations (EDGAR), in 34 CFR 74.51, 75.720, and 75.732. The information that grantees submit in their APRs allows ED to annually assess each grantee's progress in meeting their project's approved goals and objectives. The APR data that grantees submit are compared with the projects' approved objectives to determine the projects' accomplishments, to make decisions regarding whether funding should be continued, and to award "prior experience" points. The regulations for this program provide for awarding up to 15 points for prior experience (34 CR 644.22). During a competition for new grant awards, the prior experience points are added to the average of the field reader scores to arrive at a total score for each application. Funding recommendations and decisions are primarily based on the rank order of applications on the slate; therefore, assessment of prior experience points, based on data in the annual performance report, is a crucial part of the overall application process. Further, this performance report form is the main source of data for the Department's response to the requirements of the Government Performance and Results Act (GPRA)

for this program. In addition, the Department uses the annual performance reports to produce program level data for annual reporting, budget submissions to OMB, Congressional hearings and inquiries, and responding to inquiries from higher education interest groups and the general public.

EOC APRs are prepared and submitted by EOC grant projects. For each EOC grant project, the grant project director of record completes, or supervises the completion of the data submission process. The grant project director supervises the administration of an EOC grant. An EOC grant provides counseling and information on college admissions to qualified adults who want to enter or continue a program of postsecondary education. The program also provides services to improve the financial and economic literacy of participants. An important objective of the program is to counsel participants on financial aid options, including basic financial planning skills, and to assist in the application process. The goal of the EOC program is to increase the number of adult participants who enroll in postsecondary education institutions.
